

Art Unit: 1627

DETAILED ACTION

Reasons for Allowance

The amendments and remarks submitted July 27, 2009 have been entered and considered, and found persuasive. Particularly, the claims as amended drawn to a composition of dantrolene sodium with specific surfactants and carriers which provides superior properties for injection. The prior art as a whole fails to teach or suggest the particular combinations herein with a reasonable expectation of such superior properties.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, at page 1, line 2, after "and U.S. Provisional Application"

12/28/09

60/339,324
insert "60/451,249".

Note, 60/451,249 is the other U.S. provisional application claimed in the oath.

In view of the amendment, the application is now in condition for allowance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shengjun Wang whose telephone number is (571) 272-
